MLX QUARTZ

Immersive Alpha-Quartz Experience

The Ancient Art of Sand Bathing Re-invented

The luxurious design of the MLX Quartz offers an immersive alpha quartz experience that promotes deep relaxation and sensory stimulation for the ultimate 21st century wellness experience. The warm quartz sand cocoons the body, and feelings of stress symptoms melt away as the bed gently inverts and the built-in massage system works to release tension and promote better circulation. The MLX Quartz supports pain relief states and supports the immune system, leaving you feeling refreshed, rejuvenated, and peaceful. The gentle yet deeply warming effects enhances the integration of signature treatments, massages and the use of sand poultices – creating an extraordinary experience for the guest.

Elevate your clients' experiences with this natural wellness treatment offering a much-needed getaway from the stresses of daily life.

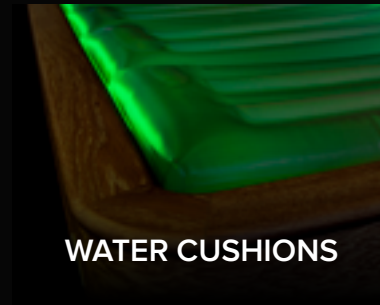

A woman with blonde hair is lying face down in a wooden sand bath. Her back is exposed, and several smooth, dark, rounded hot stones are placed along her spine. She is wearing a grey towel around her waist. The sand bath is filled with a fine, golden-brown sand. The wooden frame of the bath is visible, and the background is dark. The lighting is soft and focused on the woman's back and the stones.

The Benefits

- Immersive Relaxation with Quartz-Crystal sand
- Melt away tension in a calm cocoon
- Nourish your immune system, enhance circulation & alleviate pain
- Signature anti-inflammatory treatment that combines with other treatments
- An unforgettable Journey to Wellness rooted in science.

Luxurious Features for the Ultimate Experience

The water cushions can be placed on top of the quartz sand. 6 cushions ensure that the water is evenly distributed, providing a warm, stable and ultra-comfortable surface.

For a fully immersive, multi-sensory experience, the aromatherapy capsules gently diffuse your chosen scent. Discreet diffusers in the head section softly release aromas, softly swathing the guest into bliss.

The intuitive touch panel is seamlessly embedded into the table for effortless control.. All functions are pre-programmable and adjustable with a single touch, allowing for easy customization of temperature, inversion, ambient lighting, and the dynamic flow system. This ensures a smooth & uninterrupted, experience.

An integrated massage system for guests to enjoy simultaneously with a traditional massage or other body treatment. This function is re-programmable, and features inflatable air cushioning that delivers a gentle, wave-like back massage for enhanced relaxation & wellbeing.

Making treatment rooms look clean and organized is simplified with the integrated storage compartments situated at the base of the treatment bed. Features a spacious drop-down compartment and 2 drawers.

Customize the quartz sand to suit individual preferences, with options in natural or color-coated varieties. For a truly luxurious experience, clients can select from exquisite amber or Persian blue salt blends.

Set the perfect mood with integrated LED lighting at the base, while soft illumination within the lying surface further enhances aesthetic appeal, and fully immerses the guest, elevating the treatment experience.

Illuminated and heated salt tiles, can be optionally integrated into the sides of the spa table.

The bed's inversion function provides an optimal stretch, promoting spinal realignment and helping to alleviate back pain. Inclination improves circulation & lymphatic drainage & eases breathing.

Effortlessly transforms the sand bath into a fully functional spa table, providing maximum flexibility for spa operations, ensuring optimal room utilization.

Quartz Varieties & Mixtures

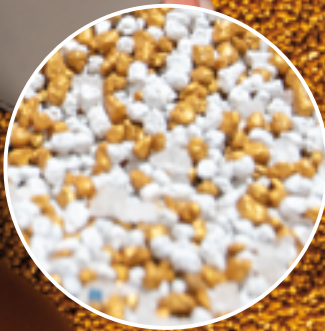

In addition to pure quartz varieties, we offer exclusive quartz blends enriched with harmonizing additives. Persian blue salt, Himalayan salt, or amber can be incorporated for a very special wellness experience.

Standard
Included

Gold

Golden Rain

Solid Ocean

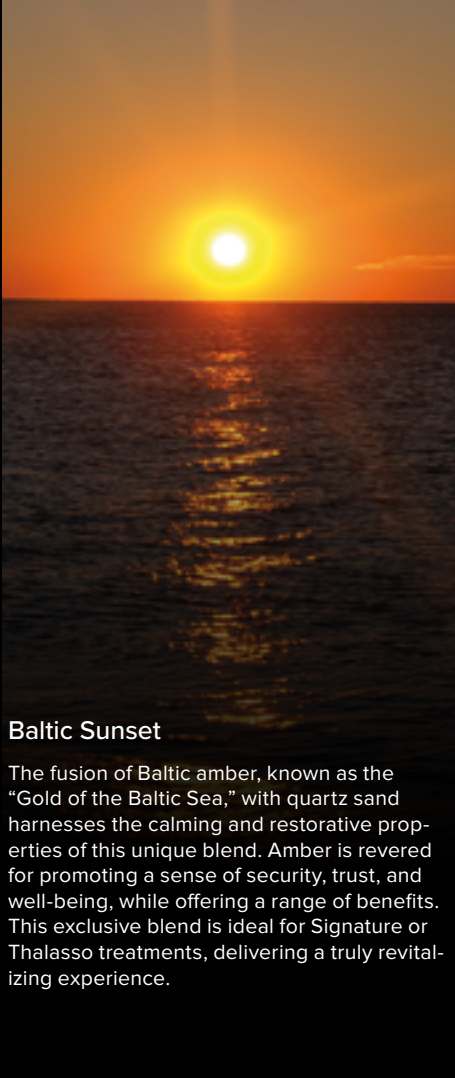

Persian Treasure

Persian blue salt is one of the rarest rock salts on Earth, making it exceptionally precious. Its shimmering crystals range from delicate aquamarine to deep sapphire blue, evoking a sense of harmony and relaxation. Often called the “color of the sky,” it is believed to have a calming and rejuvenating effect on both mind and body. When blended with natural alpha quartz sand, Persian blue salt enhances treatments with an elegant and exclusive touch.

Himalayan Touch

Recreate the serene microclimate of mountains, forests, and coastal areas in your treatment room with a blend of Himalayan rock salt and quartz sand. When heated to the ideal temperature, this combination releases salt ions, naturally ionizing the air and enhancing oxygenation. The result is a deeply rejuvenating experience that promotes relaxation, revitalization, and tension relief for both mind and body.

Baltic Sunset

The fusion of Baltic amber, known as the “Gold of the Baltic Sea,” with quartz sand harnesses the calming and restorative properties of this unique blend. Amber is revered for promoting a sense of security, trust, and well-being, while offering a range of benefits. This exclusive blend is ideal for Signature or Thalasso treatments, delivering a truly revitalizing experience.
